

AOZ Studio Beta - Bug #138

Dir - dir\$ errors

02/06/2020 12:54 PM - Nick Morison

Status:	Closed	Start date:	02/06/2020
Priority:	Normal	Due date:	
Assignee:	Francois Lionet	% Done:	0%
Category:		Estimated time:	0:00 hour
Target version:	0.9.5		
Affected version:	Beta RC2		

Description

In the below the loadiff finds the logo file fine and displays it, however when trying to do a directory of the "drive" (or the iff subfolder) with the dir command, or when trying to set the directory with dir\$ Aoz reports back a drive not found error:

```
#manifest:"amiga"  
#speed:"safe"  
#fullScreen:true  
#splashScreen:false  
  
//dir "AMOSPro_Examples:" // drive not found error  
//dir$="AMOSPro_Examples://" // drive not found error  
  
Load Iff "AMOSPro_Examples:iff/Logo.iff", 0 // obviously works fine  
wait key
```

History

#1 - 02/22/2020 06:18 AM - Francois Lionet

- Status changed from New to Resolved
- Target version set to 0.9.5

Fixed!

#2 - 03/07/2020 01:48 PM - Baptiste Pillot

- Description updated
- Status changed from Resolved to Feedback

v0.9.6 : The code "as this" does not work anymore, for me (VisualStudioCode / Windows).

#3 - 09/07/2020 08:28 AM - Brian Flanagan

- Affected version changed from 0.9.4 to 0.9.9.4-RC1

Tested in 0.9.9.4-RC1

Dir and Dir\$ are still not working. (though they were working previously)

#4 - 09/21/2020 08:07 AM - Brian Flanagan

- Status changed from Feedback to Closed
- Affected version changed from 0.9.9.4-RC1 to Beta RC2

Re-tested in Beta RC2. Still fails. Duplicated as bug [#511](#).

Closing this bug, and adding this to Bug [#511](#), as it has additional information in it.
