

## AOZ Studio Beta - Bug #238

### Most tags don't allow comments

02/18/2020 09:57 PM - Paul Kitching

<b>Status:</b>	Closed	<b>Start date:</b>	02/18/2020
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Francois Lionet	<b>% Done:</b>	0%
<b>Category:</b>		<b>Estimated time:</b>	0:00 hour
<b>Target version:</b>			
<b>Affected version:</b>	0.9.4		

#### Description

Compiler error: illegal tag parameter tag: manifest  
Compiler error: illegal tag parameter tag: fullscreen  
Compiler error: illegal tag parameter tag: fps  
Compiler error: illegal tag parameter tag: googlefont  
Compiler error: illegal tag parameter tag: splashscreen

Those are the errors if you have a comment after any of those tags.

```
#manifest: "pc"           // error
#displayWidth:1920       // The resolution width of a HD monitor
#displayHeight:1080      // And the height.
#fullScreen:true         // error
#googleFont:"baloo"      // error
#splashScreen:false      // error
#fps:false                // error
```

#### History

##### #1 - 02/21/2020 06:32 PM - Francois Lionet

- Status changed from New to Resolved

Fixed. Yet, only ONE tag per line are supported, and it will not change ;) ...

##### #2 - 02/22/2020 07:57 AM - Anonymous

Yes, one tag per line makes sense. Those are special!

Did you also allow for ' and /\* \*/ comments, as well as // ?

##### #3 - 03/07/2020 03:05 PM - Baptiste Pillot

- Status changed from Resolved to Closed

- source : <https://www.amos2.fr/ide/Amos2/Ide/Program/490>
- run : <https://www.amos2.fr/run/tickleman/238>
- result : no error

[Francois Lionet](#) : still missing the answer to the question about /\* \*/ or // : you can leave a dedicated support issue to ask it again if needed, @PaulKitching.
