AOZ Studio Beta - Bug #258

Input doesn't let you delete.

02/27/2020 06:03 PM - Paul Kitching

Status:	Closed		**Start date:**	02/27/2020
Priority:	Normal		**Due date:**	
Assignee:	Francois Lionet		**% Done:**	0%
Category:			**Estimated time:**	0:00 hour
Target version:				
Affected version:	0.9.7			

Description

```
#manifest:"pc"
#fullScreen:true
#splashScreen:false
#fps:false
input "Type, then try to delete.";a$
```

You can't delete any characters.
v0.9.5.1

History

#1 - 02/27/2020 06:08 PM - Paul Kitching

Amiga mode works.

#2 - 03/24/2020 02:22 PM - Paul Kitching

- Affected version changed from 0.9.5 to 0.9.7

now works in both modes.

I didn't realise before, but doesn't work in either mode (it does in AMOS). If you type, then cursor left a bit and press delete, nothing happens.

#3 - 03/24/2020 02:24 PM - Paul Kitching

That should say that backspace works now, but the delete key doesn't.

I always put key names between 'less than' and 'greater than' signs, but this editor removed them as a invalid HTML tag, or something.

#4 - 08/04/2020 01:50 PM - Paul Kitching

- Status changed from New to Closed
