AOZ Studio Beta - Bug #432

VSCROLL misses last line of screen

08/04/2020 12:44 PM - Paul Kitching

Status:	Closed		**Start date:**	08/04/2020
Priority:	Normal		**Due date:**	
Assignee:	AOZ Studio Team		**% Done:**	0%
Category:			**Estimated time:**	1:00 hour
Target version:				
Affected version:	Beta RC2			

Description

This code doesn't scroll the bottom line of the screen up. It should scroll all lines below the current cursor position.

```
#manifest: "amiga"

for y=0 to 31
    locate 0,y:print repeat$("a",39);
next y
locate 20,10
wait 25
for s=1 to 5
    vscroll 4
    wait 5
next s
end
```

History

#1 - 09/19/2020 08:40 AM - Brian Flanagan

- Estimated time set to 1:00 h

- Affected version changed from 0.9.9.4 to Beta RC2

Verified. It appears that this is offset by 1 line.
If we open a screen 1 line (8 pixels in Amiga manifest) taller, then the other line will scroll.

#2 - 09/19/2020 09:48 AM - Brian Flanagan

- Status changed from New to Resolved

Corrected mode 4 scrolling. Other 3 modes were fine.

#3 - 11/17/2020 08:55 PM - Paul Kitching

- Status changed from Resolved to Closed
