Verified. Not working. See attached error message.

I'm not sure if this is due to the transpiler updates, or if the DOM commands have been changed.
All I know is it used to work, but now it doesn't.

#2 - 10/06/2020 07:44 PM - Francois Lionet

- Assignee changed from AOZ Studio Team to Baptiste Bideaux

#3 - 11/01/2020 03:25 PM - Baptiste Bideaux

- Status changed from New to In Progress

The way AOZ procedures are accessed from javascript has changed with the Transpiler updates. The demo will be corrected soon.
