AOZ Studio Beta - Bug #603

Audio alerts for the Discord page are still active when the Discord tab has been disabled.

Description
Apparently the page is still active in the background even though the tab has been disabled. When it is disabled, it should be turned off entirely.

History

This is still an issue with beta 2 version (with most recent patches as of 1/21/2021).

#2 - 02/28/2021 06:41 PM - Brian Flanagan

- Priority changed from Low to Normal

- Affected version changed from Beta 2 to 1.0.0 (B4)

re-tested in Beta 4

Even though the Discord pane and option have been removed from the program *visibly*, it is still active!
(I still get audio notifications from discord in the AOZ IDE.)

I increased the priority to fixing this, since I suspect that the discord alerts may be bogging down AOZ.
