

AOZ Studio Beta - Bug #690

Editor font size must be 15 pt.

03/11/2021 04:46 PM - Brian Flanagan

Status:	Closed	Start date:	03/11/2021
Priority:	Normal	Due date:	
Assignee:	Brian Flanagan	% Done:	0%
Category:		Estimated time:	2:00 hours
Target version:	1.0.0 (B5)		
Affected version:	1.0.0 (B4)		
Description			
Changing the font on the editor to anything besides 15pt fails. Other sizes scramble line positions in the editor.			
See attached images.			

History

#1 - 03/11/2021 10:49 PM - Brian Flanagan

- Status changed from New to Resolved
- Assignee set to Brian Flanagan

Modified display.js to correctly set lineHeight for the selected fonts. - 11 Mar 2021
It's working now with any size available for the available monospaced fonts.

#2 - 03/19/2021 09:00 PM - Brian Flanagan

- Status changed from Resolved to Closed
- Target version set to 1.0.0 (B5)

Confirmed this is still working in 1.0.0 (B5).

...however, the initial font selected is still proportional (at least in macOS).
Re-selecting a different font, and or a different size corrects that problem.
Closing this ticket, but creating a new one regarding the default font in macOS.
(The font name & size in the Settings is correct, but the wrong font is in use when first opening AOZ.
