

AOZ Studio Beta - Bug #739

Dir First\$ and Dir Next\$ do not return the "*" before folder names.

04/25/2021 05:13 PM - Brian Flanagan

Status:	Closed	Start date:	04/25/2021
Priority:	High	Due date:	
Assignee:	AOZ Developers	% Done:	0%
Category:		Estimated time:	1:00 hour
Target version:			
Affected version:	1.0.0 (B9)		

Description

Folder names are supposed to have a "*" as the first character to differentiate them from regular files. Dir First\$ and Dir Next\$ do not return these.

Example: Assuming that that resources/filesystem/application folder contains:

testDir (a folder/directory)
empty.file (a plain text file)

The following program:

```
F$=Dir First$
While F$<>" "
  Print F$
  F$=Dir Next$
Wend
```

Produces this result:

```
testDir
empty.file
```

...but SHOULD produce this result:

```
*testDir
empty.file
```

History

#1 - 06/20/2021 07:41 PM - Brian Flanagan

- Affected version changed from 1.0.0 (B7) to 1.0.0 (B8)

Re-tested in 1.0.0 (B8) v14

As-is, there is no way to distinguish between folders and files, since the * is left off of the folder names in the results!

#2 - 07/15/2021 05:24 PM - Francois Lionet

- Status changed from New to Resolved

Fixed

#3 - 07/21/2021 11:57 AM - Brian Flanagan

- Status changed from Resolved to Closed

- Affected version changed from 1.0.0 (B8) to 1.0.0 (B9)

The * has been added to denote folders.

Thank you Francois!
