<b>Affected version:</b>	1.0.0 (B8)		
<b>Description</b>			
<p>To correct this, it would be best to resize the editor window to make room for the AOZ Messages window when it is visible. That way, this problem CANNOT occur.</p> <p>The other alternative would be to scroll the editor window so that the error line will be visible above the AOZ Messages window.</p> <p>(See snapshots.)</p>
