- Target version set to *0.9.4*

Cannot get the crash in the current version, I assume it is corrected! Please test with your example and sounds...

The program is still stopped. Got this on 0.9.6's console (see source + run on [#83#note-4](#)) :

```
Error : Uncaught TypeError: Cannot read property 'substring' of undefined
    at getError (errors.js:309)
    at Errors.getError (errors.js:273)
    at doUpdate (aoz.js:434)
```
