AOZ Studio Beta - Bug #869

Some commands in F5 Help cause a corrupted heading.

11/20/2021 07:54 AM - Brian Flanagan

Status:	Resolved		**Start date:**	11/20/2021
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:			**Estimated time:**	1:00 hour
Target version:	none			
Affected version:				

Description

For example, try F5 help on:

```
Pop Proc
```

The result is that the command name is overwritten by a piece of a graphic with some blue background. (See snapshot.)
