

## AOZ Studio Beta - Bug #87

### New AOZ Application button creates an application with a bad manifest.

01/27/2020 03:36 PM - Brian Flanagan

<b>Status:</b> Closed	<b>Start date:</b> 01/27/2020
<b>Priority:</b> Normal	<b>Due date:</b>
<b>Assignee:</b> Francois Lionet	<b>% Done:</b> 0%
<b>Category:</b>	<b>Estimated time:</b> 0:00 hour
<b>Target version:</b> 0.9.4	
<b>Affected version:</b> 0.9.3.1	

**Description**

To reproduce this error:

1. Click the "New AOZ Application" button
2. Name it LocateTest
3. Type in the following code:

```
Screen Open 0,640,200,16,Hires
Paper 0 : Pen 4 : Hide : Curs Off : Cls 0
Ink 1 : Box 0,0 To 639,199

For N=0 to 24
  Locate 0,N : Print "Line ";N;
  Wait Key
Next N
End
```

Then, run the application. You'll see a number of problems, including (but not limited to):

1. A 640x200 screen that appears the size of a postage stamp.
2. Attempting to locate beyond line 2 causes an "Illegal text window parameter" error.
3. The fonts are too tall with too much space between the lines.

Work-Around:  
Deleting the manifest, and replacing it with a copy from Help\_1 corrects the problems. (A default Amiga manifest, I believe.)

Related Bug: Default mode is supposed to be Amiga 1200 emulation with AMOS Pro syntax.  
When using the New button, instead, an apparently buggy version of a PC manifest with AOZ syntax is used.

## History

### #1 - 01/27/2020 08:43 PM - Baptiste Pillot

- Assignee set to Francois Lionet

### #2 - 02/03/2020 05:58 PM - Francois Lionet

- Status changed from New to Resolved

- Target version set to 0.9.4

Corrected, as all of the buttons in next version. It was old code that needed to be rewritten.

### #3 - 02/28/2020 05:28 PM - Brian Flanagan

- Status changed from Resolved to Closed

Tested again in 0.9.5.1. Works!
