

AOZ Studio Beta - Bug #883

Text cursor doesn't erase properly. (It leaves artifacts.)

12/25/2021 04:23 AM - Brian Flanagan

Status:	Feedback	Start date:	12/24/2021
Priority:	Normal	Due date:	
Assignee:	AOZ Developers	% Done:	0%
Category:		Estimated time:	1:00 hour
Target version:	none		
Affected version:	1.0.0 (B11) u17		
Description			
When moving the cursor's position, an artifact (vertical line) remains on the right side of where the cursor used to be. It will be the color that the cursor was drawn in as it was moved. (See snapshot.)			

History

#1 - 12/25/2021 04:33 AM - Brian Flanagan

- File *Cursor_Artifacts_2.png* added

Artifacts are generated in the vertical direction as well. (See snapshot 2.)

#2 - 12/25/2021 12:14 PM - Brian Flanagan

...that is to say that in addition to appearing just to the right of the previous cursor position, they can also be shifted both horizontally and vertically.

(Look at the diagonal bars in *Cursor_Artifacts_2.png*.)

#3 - 04/05/2022 01:32 PM - Francois Lionet

- Status changed from *New* to *Feedback*

Would you have an example? I cannot reproduce...
