Target version:	none		
Affected version:	1.0.0 (B11) u17		

Description

"WAIT INPUT" should react to any input press on the Keyboard. (as well as mouse or joystick.)

But it doesn't work with the 0 (zero) keyboard buttons. Regular and numpad.

with "WAIT KEY" 0 (zero) works

History

#1 - 02/11/2022 11:21 PM - David Baldwin

Fixed! Check was for Key != 0, should have been key = !"

#2 - 02/11/2022 11:25 PM - David Baldwin

- Status changed from New to Resolved
